OBJECTIVE OF CONFERENCE

The objective of International Conference on Recent Trends in Science, Engineering & Technology (ICRTSET-2026) is to provide opportunities for the Researchers, Academicians, and Industry practitioners for discussion to promote scientific information exchange

ABOUT CONFERENCE

This International Conference on Recent Trends in Science, Engineering & Technology (ICRTSET-2026) aims to provide technical platform across the globe to exchange innovative ideas and research findings on contemporary issues for researchers from both industry and academia to participate, discuss the latest advancements and explore future directions in emerging areas of engineering. **Conference will be in Hybrid Mode.**

Call for Paper

Papers are invited in the respective domains. Authors are invited to submit full-length, original, and unpublished research papers using a **single-column paper format**, along with a plagiarism checker report indicating a similarity index of **below 15%**, to the conference mail ID: **icrtset2026@gmail.com**.

Only plagiarism-free papers will be considered for the **double-blind review process**. A maximum of **four authors** is allowed per paper. Papers violating the prescribed length will be excluded from the review process. **All papers will be published in conference proceedings with ISBN number 978-81-998271-6-5 and selected papers will be published in consent with authors in Google Scholar-Indexed, Peer-Reviewed Journals. An additional publication fee of ₹1,000/- is payable for peer reviewed journals after the conference.**

THEMES

Computer & Information Technology

- Soft Computing and Artificial Intelligence
- Data Mining and Information Retrieval
- Neural Networks and Applications
- Computer Graphics and Visualization
- Networking and Cloud systems
- Parallel Computing
- Internet of Thing(IOT)
- Machine learning & Deep learning

Civil Engineering

- Structural Engineering
- Geotechnical Engineering
